- County	\$ 3,000.00
- Tree Sale	\$33,276.00
- USDA	\$1,019,222.10

Central Bingham 2014 Projects

Central Bingham Tree Sale

Central Bingham held it's annual Tree Sale in May. The money that is earned from this is used throughout the year to help with the education of children throughout the county. This year the county bought trees and distributed them to 4th graders at various schools within the county for Arbor Day. We have also visited with Cub Scout Troops, using our enviroscape model helping them with their conservation requirements.

The Central Bingham District also gave the Snake River FFA a donation for Ag Days that was held at Snake River High School for 3 days. This spring we have some Water Conservation education events we are sponsoring at local schools.
